HANDS HYGIENE (hand washing)	99
PERSONAL PROTECTIVE EQUIPMENT - PPE (gloves, lab coats, masks, protective glasses, caps)	106
HANDLING ACCIDENTS IN CASE OF ACCIDENTAL WOUNDING BY A CONTAMINATED NEEDLE OR SHARP	112
HANDLING COMPLICATIONS (bleedings and haemorrhages)	116

Chapter 6

ENVIRONMENT HYGIENE	119
THE MAKE-UP – TATTOO – PIERCING STUDIO	119
ENVIRONMENT	121
EQUIPMENT	123
PRODUCTS (single-use, disinfectants)	124
LINEN	139

Chapter 7

PROCESS OF STERILISATION	141
STERILISATION FOR TATTOOISTS, PIERCERS, BEAUTICIANS	144
1) COLLECTION	145
2) DECONTAMINATION - DISINFECTION	145
3) CLEANING - WASHING: HANDBOOK - MECHANICAL /AUTOMATIC - ULTRASONIC CLEANING	149
4) RINSE	153
5) DRYING (multifunction tub)	154
6) PACKAGING (monitors, maintenance, packaging, labelling, traceability)	156
7) STERILISATION (autoclave)	160
8) TRACEABILITY	175
9) TRANSPORT - STORAGE - CONSERVATION	176
10) PERIODICAL TESTS	178
11) HANDLING DEVICES (validation)	184

Chapter 8

MEDICATION	187
HEALING	187
BEFORE, DURING AND AFTER TATTOO - PIERCING - PMU	189

Chapter 9

THE FUTURE AND NEW TECHNIQUES OF PERMANENT MAKE-UP	197
MICROBLADING (what it is, how it is done, who to do it, tools, hygiene)	199
MEDICAL TATTOOS	206

Chapter 10

ASSEMBLY AND DISASSEMBLY OF THE WORKPLACE IN THE TATTOO - PIERCING - PMU FIELD	213
ASSEMBLE THE WORKPLACE	213
DISASSEMBLE THE WORKPLACE	221

Chapter 11

CONTAMINATED WASTE: NEEDLES AND SHARPS	223
SAFE HAZARDOUS WASTE MANAGEMENT	223
MEDICAL WASTE AT RISK OF INFECTION	224
SAFE MANAGEMENT OF HAZARDOUS WASTE (MUD + SISTRI)	226

Chapter 12

EUROPEAN LEGAL FRAMEWORK TATTOO - PIERCING - PMU	231
